Rebate is available for the installation of a Level 2 EV charger installed on or after January 1, 2021. The charger must be installed where electricity is supplied by your electric cooperative and controlled on an off-peak rate. Rebate submittal must follow the guidelines as outlined by the cooperative. Your electric cooperative is not responsible for inaccurate information supplied by vendors.

Important:

- Rebate amount is up to \$500 to offset the cost to install an EV charger controlled on an off-peak rate.
- EV charger must be installed within cooperative's service territory.
- Additional outlets for your EV that are not off-peak outlets are prohibited when participating in the storage program.
- Fill out this form completely. Incomplete forms will not be processed.
- Include your account number and sign the form.
- Submit completed rebate form and a copy of the electrician's bill for wiring the charger or outlet within one year of purchase.
- Rebate program is subject to change or cancellation without notice.

By signing this application, I certify the electric vehicle I am enrolling in the ChargeWise program is installed at the address listed above, and that I am a cooperative member.
